

INTEGRATED FLOOD RESILIENCE AND ADAPTATION PROJECT

## MONTHLY BULLETIN

COMMUNICATIONS UNIT FEDERAL PROJECT MANAGEMENT UNIT

### 01 A VISION TURNING INTO ACTION — REBUILDING BALOCHISTAN WITH HEART AND PURPOSE

The IFRAP - Integrated Flood Resilience and Adaptation Project - Post Flood 2022 had the honor of hosting the Federal Minister for the Ministry of Planning Development and Special Initiatives, Mr. Ahsan Iqbal Chaudhary, during a recent project office visit.

During the visit, Mr. Muhammad Asim Hanif, Senior Strategy and Operations Specialist, briefed the honorable Minister on the progress made so far and presented an outline of the project's key targets for the fiscal year 2025–26. The update highlighted achievements in all components of IFRAP including resilient housing reconstruction, restoration of essential public infrastructure, and strengthening community-level disaster preparedness.

### 02 IFRAP — DRIVING CHANGE AND RESILIENCE IN BALOCHISTAN

Under the vision of Mr. Ahsan Iqbal Chaudhary Ministry of Planning Development and Special Initiatives and with the unwavering commitment of IFRAP and the Housing Reconstruction Unit (IFRAP) Balochistan, our mission to uplift flood-affected communities in Balochistan is bearing fruit.

• **Union Council Wayara, District Lasbella**  
Implementation Partner National Rural Support Programme

★ Ghulam Qadir, resident of Muhammad Goth Chothra (Ref# 196018), has not only completed his 4th stage but has also been provided with a solar home lighting system, empowering his household with sustainable energy.

★ Raza Muhammad, from Muhammad Sabra Goth (Ref# 195796), has also successfully reached his 4th stage milestone, progressing toward a more resilient and self-reliant future.

Let's continue to work together to transform more lives across the region.

## 03 PROGRESS IN COMMUNITY INFRASTRUCTURE REHABILITATION UNDER IFRAP COMPONENT 1

We're pleased to share key updates from the ongoing rehabilitation initiatives led by the PIU Component-1 team:

### 📍 Roads Infrastructure Sub-Component

A productive meeting was held with M/s Zeerak Consultants to align on the design and scope of proposed works under the Roads Infrastructure sub-component.

### 🔍 Field Engagement at Shah Alam Bridge, Quetta

Component 1 team on site with M/s Zeerak International at Shah Alam Bridge as the consultants commenced their initial field survey to identify context-specific solutions under the Roads & Bridges portfolio.

### 🕒 Irrigation Sub-Component Mobilized

On-ground survey work is now underway for critical flood and water management interventions, including:

- ✓ Rehabilitation of Sanzala Karen
- ✓ Zaida Dami/Check Dams
- ✓ Flood Protection Works in District Pishin

These surveys are being conducted by M/s Cameos Architects & Consultants and reflect our commitment to building resilience against climate-induced water challenges.

## 04 میراگھر

یہ تصویر فقط اینٹوں اور گارے کی نہیں،  
یہ ان ہاتھوں کی دعا ہے جو چھت کا سایہ چاہتے ہیں۔  
جہاں عورتیں، مرد، بچے، سب ایک خواب کو تعمیر کرتے ہیں

یہ پسینے میں بھیگا ہوا ہر لمحہ،  
وہ دیوار جو کل تک ٹوٹی تھی،  
اُج نئے حوصلے سے جُڑ رہی ہے۔  
یہ صرف دیوار ہے، یہ تحفظ ہے، عزت ہے، مان ہے۔
