## FROM BLUE DOORS TO SUN-WASHED WALLS, EVERY COLOR TELLS A STORY!

### FAMILIES IN BALOCHISTAN REBUILDING THEIR LIVES WITH DIGNITY.

The Ministry of Planning Development and Special Initiatives IFRAP - Integrated Flood Resilience and Adaptation Project - Post Flood 2022 Housing Reconstruction Unit (IFRAP) Balochistan has readied beautiful, safe homes for flood-affected communities. Proof that resilience is more than a word; it's a roof, a room, and a new beginning.

#### IFRAP Updates: Component - 3

A joint field visit to the Sohbatpur-Hairdin Road corridor was conducted by the IFRAP - Integrated Flood Resilience and Adaptation Project - Post Flood 2022 PIU (Component I)- Community Infrastructure Rehabilitation and the design team from Zeeruk International Pvt. Ltd. From the PIU side, Mr. Aslam zehri (Deputy Project Director) and Mr. Nadir Baloch (Assistant Engineer) led on-ground reviews with the Zeeruk team to validate design assumptions and coordinate next steps.

## IFRAP Updates: Component 1 (Community Infrastructure Rehabilitation)

Quetta: On October 8, 2025, the PIU team-Component 1 (PD, DPDs, PS-Infrastructure, and the Procurement Specialist) met jointly with the Cameos Architects & Consultants, FPMU, and the World Bank Group (online) to review key observations from the Preliminary Site Assessment Report. Constructive feedback was shared, and next steps along with responsibilities were agreed for follow-up.

## IFRAP Updates: Site Visit | IFRAP Component-1 — Lasbela & Hub

On 16 October 2025, the Project Director (PIU Component-1, IFRAP) led field visits to priority flood protection and irrigation sites across Lasbela and Hub:

### Sites visited

- Thrara Flood Protection Bund (Lasbela)
- Gagoo Flood Protection Bund (Lasbela)
- Restoration of Flood Protection Embankment — Faizo & Shurli (Lasbela)
- Daroo Wala Flood Protection Structure (Lasbela)
- Restoration of Lasbela Canal (District Hub)

# Strengthening Community Ownership through Village Reconstruction Committees - District Naseerabad

In line with the Government of Pakistan's commitment to transparent, inclusive, and community-driven housing recovery, the Regional Team of the Housing Reconstruction Unit (HRU) – IFRAP Balochistan, led by Regional Coordinator Haji Tayab Yallanzai, convened a comprehensive meeting with community representatives and Village Reconstruction Committees (VRCs) in District Naseerabad. The session was held in close coordination with the Implementation Partner, Islamic Relief Pakistan (IRP).

The meeting focused on the critical role of the VRCs in ensuring the success and sustainability of the housing reconstruction process. Discussions emphasized the thematic pillars of HRU's approach transparency, inclusion, resilience, accountability, and quality assurance.
